

USC Postbaccalaureate Premedical Program Review Course
Subsidy Authorization Form

1. The program will be providing a subsidy to cover the cost of the review class up to \$2,000. If your class costs less than \$2,000, the program will cover only the cost of the class. If your class costs more than \$2,000, you will be responsible for the difference.
2. The subsidy will be available to pre-medical students taking MCAT courses, pre-dental students taking DAT courses, and pre-vet students taking GRE courses. Students must be in good academic standing in the program in order to be authorized to receive the subsidy.
3. Each student must submit a photocopy of your review course receipt WITHIN 30 DAYS of SIGNING UP FOR THE COURSE and must fill out this authorization form in order to receive the subsidy. The receipt must include the total price of the course and the date paid.
4. Once your receipt is submitted and your subsidy granted, your USC account will be credited. You will be able to pick up your refund check at the USC Credit Union Cashier's Desk.
